REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 1-33 and 149-155 are pending. Claims 1 and 155 are independent.

Claim 1 includes a limitation toward inputting operator input specifying operator specified loci for insertion of simulated cryoprobes. Holupka (pivotal reference in all prior rejections), on the other hand, discloses inputting operator input specifying operator specified loci for insertion of actual cryoprobes. There is no motivation to modify Holupka. As a result, independent claim 1 is now in condition for allowance.

Claim 155 is merely claim 151 which was objected to in a prior Office Action rewritten into independent format, and this is in condition for allowance.

"Claim 151 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. The prior art neglects to disclose a cryosurgical planning system capable of predicting the size and shape of the prostate two or more weeks after operation."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter J Vrettakos whose telephone number is 703 605 0215. The examiner can normally be reached on M-F 9-6.
